Imagens da seção "Leituras selecionadas" (landing)

Quatro prompts de **fotografia realista** para gerar no **Magnific com Nano Banana**, um por card. Eles seguem `docs/linha-visual-imagens.md`: a mesma luz de janela, o mesmo pós e os mesmos materiais das fotos da seção Proposta, com o assunto tirado da referência de Hermes Trismegisto (o sábio ancião contra o escuro, o códice, a esfera armilar), sem coroa de estrelas, planetas, brilho nem glifos.

Como gerar

- **Proporção:** 2:3 vertical, 2k. A imagem fica embaixo do texto de cada card, numa placa quase quadrada, e desliza com a rolagem e com o mouse. Por isso cada quadro tem detalhe de cima a baixo, com o assunto no centro.
- **Ordem:** gere primeiro o **I**. Depois use essa imagem como **referência** no Magnific para gerar o II e o III, para que o ancião (rosto, barba, manto) e a luz saiam iguais. No IV, use uma das fotos da Proposta como referência de luz e cor.
- **Negativo:** se a tela do Magnific tiver campo de prompt negativo, cole o bloco correspondente.
- **Salvar:** exporte em WebP para `public/images/leituras/` (nesta pasta da landing) com os nomes `01-hermetismo.webp`, `02-poimandres.webp`, `03-sete-esferas.webp` e `04-asclepio.webp`.

I · O que é o hermetismo (`01-hermetismo.webp`)

Por que esta cena: é o ancião da referência, de pé e de três quartos contra o escuro, segurando o códice fechado junto ao peito: o hermetismo como um conjunto de escritos guardado e atribuído. Colunas, estantes e piso dão detalhe de cima a baixo.

II · Poimandres: a visão de Hermes (`02-poimandres.webp`)

Por que esta cena: segundo o tratado, a visão vem quando os sentidos do narrador ficam contidos, como num sono pesado. O ancião de olhos fechados, com as mãos quietas sobre o manuscrito, mostra só esse recolhimento; a parede grafite quase vazia sugere a vastidão sem nada que brilhe.

III · As sete esferas (`03-sete-esferas.webp`)

Por que esta cena: segundo o Poimandres, sete governadores envolvem o mundo em círculos. A mão do ancião sobre uma esfera armilar de latão com sete anéis lisos traz isso como instrumento de estudo, sem planetas nem céu. Mão em cima, esfera no meio e pedestal embaixo preenchem as três faixas.

SUBJECT: The weathered hand of an old man descends from the top of frame, two fingertips resting on the upper ring of an antique brass armillary sphere. Exactly seven plain smooth concentric rings, no markings, each tilted at a different angle, circle a small matte dark iron ball at the center that does not shine. The sphere sits on a turned walnut pedestal.

IV · O Asclépio em latim (`04-asclepio.webp`)

Por que esta cena: o Asclépio sobreviveu sobretudo numa tradução latina copiada de manuscrito em manuscrito. O copista transcrevendo a partir de um códice mais antigo mostra essa transmissão, sem nenhum símbolo religioso. Estante em cima, copista e páginas no meio, cadernos embaixo.
